

## Talent Program

### Students innovate sustainably

#### Invitation for Talent Program by SAP YOUNG Thinkers and MINT-EC

You want to make a challenging experience within your school time and gain practical knowledge?

MINT EC and SAP Young Thinkers are enabling young children to learn and develop skills and competencies for their future life during a 2-Year teaching and mentoring program starting in December 2018. YOU will develop programming and design thinking skills with SAP.

This opportunity is unique. You as young students get the chance to work on your own project ideas and will be supported by SAP and MINT-EC at the same time.

In order to be part of the program you need to apply with a first idea project which should be related to the Sustainable Development Goals, programmed with the coding language **Snap!**

The best 16 students will get one-on-one mentoring and the possibility to participate in workshops and create their own project connected to the **Sustainable Development Goals**.

#### Application Process:

1. Check out **Snap!** <https://snap.berkeley.edu/> (You find a manual attached with example project attached)
2. Create your own project idea related to the Sustainable Development Goals of the United Nations
3. Point out why this project is important for you personally and for society
4. Program your project in **Snap!** The access is free and for all devices available
5. Save "Export project" and save the resulting XML file. Then go to <http://snapp.citilab.eu/>
6. Send your project to [youngthinkers-support@sap.com](mailto:youngthinkers-support@sap.com) and [info@mint-ec.de](mailto:info@mint-ec.de) till the 30<sup>th</sup> of September
7. You will get feedback for your results till the 16<sup>th</sup> of November
8. The Program and Workshops will start in December (Exact dates will be communicated once again)

If you have any questions towards **Snap!** please contact [youngthinkers-support@sap.com](mailto:youngthinkers-support@sap.com) and for the overall Talent program [info@mint-ec.de](mailto:info@mint-ec.de)

We are really looking forward to your application!
